<p>PFLAG NYC API / Asian Pride Project</p>	
<p>Support group by PFLAG oriented to the east Asian and pacific island community.</p>	
<p>In partnership with PFLAG, Asian Pride Project produces media which “celebrates the journeys, triumphs and struggles of LGBTQ individuals and our Asian and Pacific Islander (API) families and communities. We seek to capture these stories by using the arts - film, video, photography and the written word - as a medium for social justice and advocacy in the LGBTQ realm.”</p>

<p>Desi Rainbow</p>
<p>“Desi Rainbow Parents & Allies was conceived in 2017 for South Asian families and friends of lesbian, gay, bisexual, transgender, queer and questioning individuals to learn about LGBTQ+ issues, find community with one another and learn how to better support their loved ones. We serve Desi individuals and families who trace their origins to South Asia, including India, Pakistan, Bangladesh, Sri Lanka, Nepal, Bhutan, and the Maldives. Our mission is to foster understanding and acceptance among families, with the goal of affirming and celebrating our LGBTQ+ loved ones.”</p>
<p>The group has had events in New York City, and now offers support and other opportunities via Zoom.</p>
