Electronics Arcade & Game-atorium

Grades 1 - 5 Fall 2023

M - F, Aug. 7 - Aug. 11

1 pm - 4 pm

Senior/Community Center, Lower level

Do you like to play board and video games? How about working with electronics to create and play your own games? Then this workshop is for you! Work together with electronics kits to build fun arcade games. Program a spinning light to display different sayings, and build and play a Home Run Derby game. Learn to program the circuit board to test your memory, play the card game "21", and make different funky sounds. Play with a disco ball, sirens, or even a light show! Play group games, card games, board games, and even make up your own to play. Come join the Game-atorium for some arcade fun!

Fee: \$160.00

Creative Engineering: Imagination & Exploration

Grades 1 - 5 Fall 2023

M - F, Aug. 14 - Aug. 18

9 am - 12 pm

Senior/Community Center, Lower level

Ready to use your imagination to design, build, and play? Join us and become a Creative Engineer! Work with a 3-D construction kit. Design and build simple or complex models of vehicles, robots, moving creatures, and buildings. Then, use a geared motor to make them run! Use our Build Kits to create as YOU want to. Build the fun into your creations either from directions or your own imagination.

Fee: \$160.00

Up, Up & Away!

Grades 1 - 5 Fall 2023

M - F, Aug. 14 - Aug. 18

1 pm - 4 pm

Senior/Community Center, Lower level

This workshop explores things that are used to move through the air, like airplanes, bridges, and spaceships. Become an Engineer and use the Engineering Design Process to build your own rubber band-powered model airplane. Design and build your own bridge, then join a bridge-building contest, and see which one can hold the most weight! It's time to fly away with fun!
