

RECYCLING PLAN

Mandatory recycling began in New Jersey following the enactment of New Jersey’s Statewide Mandatory Source Separation and Recycling Act of 1987. In the Township of Livingston, the Township Council adopted an ordinance on December 15, 2008 making recycling mandatory for both residential and commercial establishments in Livingston.

Every property owner, business, multi-family dwelling and institution must be able to demonstrate that their recycling program is active, current and effective; else they can be subject to significant fines and penalties as per Ordinance 40-2008.

Please review the attached Recycling Ordinance and §170-71G(9) of the Township of Livingston Code. Complete the sample recycling plan below and attach a detailed site plan specifically showing the location of trash and recycling containers both inside and outside the building.

Date of Submission: _____ Application No: _____

Applicant Name: _____ Telephone: _____

Project Location: _____

On-Site Recycling Coordinator: _____ Telephone: _____

CERTIFICATIONS

I hereby certify that . . .

This written recycling program will be immediately initiated upon approval and can be reviewed upon formal request from any Township entity. _____ (Initial Here.)

I have thoroughly reviewed the Township Recycling Ordinance (attached) and am familiar with each of the requirements therein. _____ (Initial Here.)

I have a thorough knowledge of the materials that must be sorted from my garbage for recycling. _____ (Initial Here.)

The building will have a designated, easily-accessible and marked area for collection of recycling and garbage. _____ (Initial Here.)

A full list of recyclable materials will be made available to each tenant upon move-in, each employee, and will also be prominently labeled on each recycling container. _____ (Initial Here.)

RECYCLING CONTAINERS

Trash and recycling containers are to be located at convenient locations both inside and outside the building. The Final Site and Architecture Plans should accurately reflect the proposed locations described below.

Locations ***Inside*** Building (Please Describe) _____

Locations ***Outside*** Building (Please Describe) _____

RECYCLABLES

Provide specific information on procedures to recycle each item. Additional pages may be attached as necessary.

ALUMINUM CANS: _____

GLASS BOTTLES: _____

PLASTIC BOTTLES: _____

PAPER: _____

NEWSPAPER: _____

CARDBOARD: _____

GREASE/COOKING OIL: _____
FOOD ESTABLISHMENTS ONLY

ANY SITE SPECIFIC ITEMS: _____

RECYCLING CONTRACTOR

Provide contact information for the site-selected recycling contractor:

Company Name: _____ Telephone: _____

Address: _____

Applicant Name: _____ Signature _____

I hereby certify that the information contained herein is accurate and true to the best of my knowledge.

§170-71G

Final site plan. The final site plan shall be drawn in the same manner as the preliminary site plan and shall include all those details outlined in Subsection E above. In addition, the final site plan shall show or include the following:

(9) A recycling plan which will make provisions for the collection and disposition of recyclable materials as required in Chapter 232, Recycling. This required plan shall not only show in specific detail on the site plan where aluminum, glass, newspapers and nonrecyclable material will be separated and collected on site but shall also be accompanied by a program in narrative form. This narrative of the proposed recycling program for the site shall address who is responsible for the separation and collection of all recyclable materials and the method of disposing all recycling materials onsite.
