Adopt-A-Hydrant

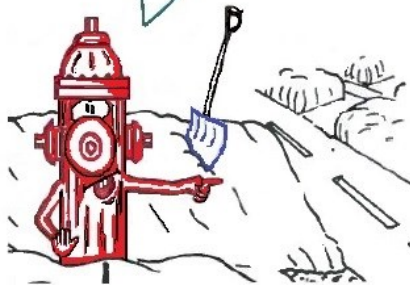

We Can Always Use the Help!

HELP!

Even a light dusting of snow can make me hard to see.
If there's snow, clear it off of me!

If there's a lot of snow, firemen can't reach me!
Clear 3 feet of snow from around me, and clear a path from me to the street!

BRRR! I don't really mind the cold, but if I'm leaking, I can freeze like an ice cube. When I'm frozen, I'm useless.
Check me for leaks and report them right away to the Department of Public Works!

Whoa! When weeds & bushes are too close, firemen can't get to me.
Trim back grass, weeds & bushes so I'm easy to get to!

Hey! Here I am!! Firemen can't find me if there's trash or recycling blocking me.
Make sure there's nothing blocking me from view or from easy access!

Clip & return to: **Adopt-A-Hydrant Program**, Fire Department 62 So. Livingston Avenue, Livingston, NJ 07039

Adopt one of us today!

You'll get an Adoption Certificate from Livingston Township that shows **your name** and the location of the hydrant you adopt!
